ABOUT THE ORGANIZERS

SVNIT Research Park and ASHINE

SVNIT Surat has established a Research Park to promote startups and industry–academia collaborative research. It connects industry, academia, startups, and researchers by providing collaborative R&D opportunities, advanced research infrastructure, faculty expertise, and student talent across AI, Digital Technologies, Automation & Robotics, Advanced Manufacturing, Energy, and Advanced Materials.

ASHINE

ASHINE (Association for Harnessing Innovation and Entrepreneurship) is the Research Park's startup incubation engine and a Technology Business Incubator established under India's NIDHI programme. As a Section-8 not-for-profit company, ASHINE translates research and technological innovations into startups through incubation, funding, mentorship, networking, and access to advanced facilities, while promoting R&D commercialization, IPR development, and student entrepreneurship.

ACM, NIT Surat

The Association for Computing Machinery (ACM) is the world's largest educational and scientific computing society. ACM NIT Surat, a vibrant student chapter founded in 2005, is run by the students of NIT Surat. Our mission is to foster a thriving tech community by organizing coding contests, hackathons and workshops.
